As facilitators and advocates, we are providing a confidential space to support survivors of sexual violence. The group is Asian and Pacific Islander (API) culturally focused, but all survivors are welcomed to discuss and share traditions, values, and beliefs that impact their lives. We will collectively discuss traumas, triggers, resources, and healing intersected with oppression.

Sponsored by:

“We envision a community free from violence. The mission of the Asian and Pacific Islander Women and Family Safety Center is to organize communities, educate, train, and provide technical assistance and comprehensive culturally relevant services on domestic violence, sexual assault, and human trafficking to Asian and Pacific Islander community members, service providers, survivors, and their families.”
